### Open Studio with Artist in Residence

'Open Studio' sessions with Artists in Residence give students a fascinating view into a wide range of contemporary arts practice. Bundanon's Artist in residence program is the largest in Australia. Our resident artists may include visual artists, photographers, sculptors and new media artists as well as writers, musicians, choreographers and performing arts practitioners. Students are able to observe and gain insights into the practice of an artist. This visit is subject to availability.

### Workshops

The Workshops conducted by our Education Officers at the Bundanon and Riversdale properties provide an outstanding opportunity to engage with the natural environment, offering a unique visual arts experience. All workshops are relevant to current syllabi and can be tailored to specific year levels. Agendas are designed in collaboration with school staff to ensure that teachers choose program content that meets specific syllabus objectives.

Workshops are for approximately two hours. The complimentary Bundanon workshop is for one to two hours, dependent on your arrival time and the subsequent time available. Additional workshops to those included in the package can be arranged at **\$20** per student.
