- 11

Arthur Boyd

Night of the piranhas, 1995, oil on canvas

The Traditional Owners of this land are the people of the Dharawal and Dhurga language groups, and these communities continue a connection to Country that is many thousands of years old. The practices handed down through generations across all the Bundanon sites (including cultural burning, the building of nawi/canoes and fishtraps, and basket weaving) represent on a small scale the vast and complex knowledge systems that pre-dated European arrival in the Shoalhaven.
